Workplace and Key Personnel:

RSF is a workplace of 25 -30 staff. We encourage skills enhancement and at all times offer apprentice and trainee position. Our workplace and fitout sites operate within the perimeters of our comprehensive WHS system. Established under the guidance of an accredited WHS consultant, we have a proven record of WHS compliance in the industry. Our staff members are employed in such specialist positions as:

- Project Management
- Design and Drafting
- Carpentry, Joinery, Shopfitting and Machining
- Spray painting
- Warehouse management and transport
- Professional Administration Services

Project Management:

As project managers **we coordinate the entire fitout process** from conceptual design to finished store:

- Client consultation and design brief
- Detailed design, drafting and documentation
- Submission of Building Applications and associated items
- Manufacture of fixtures and fittings
- Ordering, warehousing and delivery of client nominated supplies and equipment
- Fitout and trades coordination

Our **network of tradespeople and suppliers** extends to each state of Australia and New Zealand. We confidently call upon these resources knowing they compliment our in-house services well. By building strong relationships with these tradespeople and suppliers we believe we are offering our client the best possible service and workmanship.

Joinery Manufacture:

We oversee our joinery manufacture in-house, allowing us to manage every aspect of production from the drafting stage. This ultimately ensures **a quality product and efficient installation** during fitout.

We invest in current machinery, technologies and highly qualified personnel and we have the ability to expand our production to meet our clients' specific needs on demand.

We aim for the highest standard of workmanship on all products designed and manufactured in-house.
